

I believe that Sinclair Broadcasting's decision to air a biased anti-Kerry documentary just before the election is wrong, and a dangerous trend.

Because Sinclair uses the public airwaves free of charge, it is obligated by law to serve the public interest and not the interests of the large companies that control the airwaves. The priority should be to see people from our local communities and more substantive news about issues that matter.

It is imperative that we strengthen media ownership rules rather than to weaken them.

Thank you.
